Frequently Asked Questions

How does the in-office plan work?

The plan offered by Sensational Smiles of Charleston works similar to many insurance plans on the market. You pay a yearly membership fee for discounts on your dental expenses. The plan is designed to cover preventative services such as cleanings and oral exams. This provides coverage that can be budgeted at an affordable rate while receiving excellent courtesies throughout the years.

Who administers the plan?

Sensational Smiles of Charleston administers the plan and work decisions. There is no need to contact any third-party companies for information. All questions regarding plan coverage and benefits will be answered directly by a member of our front office team.

How does the plan work with specialist referrals?

This plan is designed to help you maintain dental care that can be serviced in our office. We make every possible effort to not have to refer you to another office; however, in the rare instance that we do, this plan does not transfer to other offices.
